Glossary:

Description of Dataset: The dataset used for Fact Book enrollment reporting closely mirrors the "home institution" students reported in the SUNY SIRIS system. The dataset is the total number of students enrolled in credit-bearing courses as of the Fall 2025 term census date. Senior Learners who are auditing credit courses, students enrolled in FIT degree programs at SUNY Korea, graduate students in maintenance of matriculation, and International Exchange students (major code 7777) are omitted.

Fact Book Sources: Official SIRIS Census Enrollment Data sourced from BANNER.

Degree Level

The level of the award program, either undergraduate (Certificate, Associate, or Bachelor's) or graduate (Master's).

Degree Status

Whether a student is a degree-seeking student (has been accepted by and enrolled in one of the college's Certificate, Associate, Bachelor, or Graduate degree programs) or a nondegree student (enrolled in credit-bearing courses but has not been accepted by and enrolled in a degree program and could be working towards completion of a certificate).

Department

An organizational unit responsible for overseeing one or more degree programs. It is led by a Chair or Associate Chair and has at least one financial cost center. Academic departments within academic affairs also include non-instructional units such as the library and advising, each led by a director.

Enrollment Status

Whether a student is full-time (an undergraduate taking 12 or more credits in a term or a graduate student taking nine or more credits in a term) or part-time (an undergraduate taking fewer than 12 credits in a term or a graduate student taking fewer than nine credits in a term).

Headcount Enrollment

The count of students enrolled at FIT as of the census date. For full-length courses in the fall or spring semesters, the Census date is the 21st day of classes.

Higher Education History

A student's higher education history as of the enrollment term:

First-time Undergraduate

An undergraduate student who has not attended any post-secondary institution after completing/terminating their high school education and has enrolled at FIT for the first time during the term. 'First-time' includes students who earned some college credits during high school (AP credits, etc.).

Transfer Undergraduate

An undergraduate student who attended another post-secondary institution prior to enrolling in an Associate or Baccalaureate degree program at FIT.

Transition Undergrad

A student who completed or is expected to complete an associate degree at FIT during the next semester is now entering a Baccalaureate program at FIT for the first semester.

Continuing Undergraduate

An undergraduate student in the current term who has previously enrolled at FIT.

New Graduate

A student who is enrolled in a FIT graduate program for the first time.

Returning/Continuing Graduate

A student who has previously attended FIT as a graduate student.

International Exchange Student Status

Whether a student is a nondegree nonresident participating in a bilateral program from an institution outside the U.S. and is enrolled in FIT courses for one or two semesters. These students are coded with a 7777 major code in BANNER. All exchange students are regarded as “non-home institution” students; therefore, they are excluded in official FIT headcount reporting.

Program

A course of study leading to a formal award given by the institution, such as a degree, diploma, or certificate.

Program Award Level

The award level of the degree program, either Nondegree, Associate (AAS Associate in Applied Science), Bachelor's (Bachelor in Fine Arts, Bachelor of Science), or Master's (Master of Arts, Master of Fine Arts, Master of Professional Studies).

Program Format

The degree program's format and length, e.g., 'One-year online' or 'Evening/weekend.' Istanbul is isolated as an additional program format to segment out those students in the ITU international dual-degree program who are typically grouped with all other degree-seeking undergraduate students in the two-year format.

Program Location

The FIT campus where the program instruction is primarily delivered: New York City, Florence, or Milan.

School

Within FIT, one of four schools that grants degrees: The School of Art and Design, the Jay and Patty Baker School of Business and Technology, the School of Liberal Arts and Sciences, and the School of Graduate Studies. A Dean leads each School.

Tuition Rate

The tuition rate the student paid during the term, in-state or out-of-state. Students residing in New York City are reported separately from the rest of New York State resident students, but both groups pay the same in-state rate.
